Student Areas of Needs Assessment

1. Look at the following areas of need with your family and school team
2. Decide which ones do you/we feel get in the way of learning and being successful at school?
3. Decide which areas you/we need support for immediately, soon or not right now.
4. Choose three areas of need to start with, we can make a support plan

What are supports?

- What **tools** can we anticipate *some* students will use based on their:
 - Needs
 - Interests
 - Strengths
 - Stretches
- How can we teach *all* students to use **tools** in meaningful ways
- How can we support which **tools** students choose to use to support their learning?

What are strategies?

- What **actions** can we anticipate *some* students will use based on their:
 - Needs
 - Interests
 - Strengths
 - Stretches
- How can we teach *all* students to take **action** in meaningful ways
- How can we support which **action** students choose to take to support their learning?
