What Infrastructure can
be put in place that will
make choosing
inclusion easier?

What does the Research Say?

1. Guiding conditions of inclusion describe that all students...

are presumed competent

are enrolled in and attending curricular classes

are in proximity to and participating in learning with peers

have purposeful roles and responsibilities

are planned for

2. Teacher professional development that...

supports collaboration and the changing roles of educators & support staff

is situated, ongoing and inquiry based

3. Systems frameworks that ...

support Universal Design for Learning

move away from a medical & deficit-based model of special education (IEPS)

School & District Infrastructure

Teacher & Staffing Infrastructure

Student Infrastructure

What is **ALREADY**
happening to support
inclusion in your context?

Guiding Conditions & Structures of Inclusion: Place

ALL students are enrolled in & attending grade-based curricular classes with their peers

Finding the Balance for Enrollment

- **Strategic** Planning
 - Students are in classrooms with diverse peers
 - Students are working within the same curriculum as peers
 - Students have a **Replacement Curricular Goal** at an accessible level
- **Explicit** Planning
 - Students can be in smaller classrooms/groups with their identity peers
 - Students are working on cognitively appropriate or developmental goals (i.e., literacy, numeracy, life skills, OT, PT, SLP, toileting, eating, work experience etc.)
 - Explicit goals can still be met in inclusive classroom settings
 - Students have a **Supplemental Curricular Goal** at a developmental level

Guiding Ratios for Inclusive Program Planning for Students with Intellectual Disabilities

Grade	% Strategic Instruction/ day	% Explicit Instruction/ day
K-7	100%	Max 20%
8-9	75 %	25 %
10-11	50 %	50 %
12 – 12+	25%	75%

Guiding Conditions & Structures of Inclusion: Place

ALL students are enrolled in & attending grade-based curricular classes with their peers

- Inclusive environments, more so than segregated, provide more opportunities to:
 - engage in interesting and age-appropriate curriculum
 - interact with nondisabled peers
 - access universal supports
 - negotiate expectations of settings as one does in daily life
- Increase in personal wellbeing, fewer absences from school, increased motivation to learn, higher school completion, and better outcomes after high school in the areas of employment and independent living

Strategy: Place Alignment Planner

- For students who are **not enrolled** in any places
- For students who are **partially enrolled** in some places
- For students who are **partially attending** some places
- For students who are **existing**, but not belonging in an inclusive place
- **NOT** for students who are already enrolled and attending successfully

Reflecting

- What is useful from today?
- What is something you want to share with someone else?
- How does this session connect with what you are already doing in your contexts?
- How does this session connect to the previous session?
- What questions are coming up for you?
