WHAT DOES

inclusion

MEAN?

# Who are you?

- Where is **home** for you?
- What is the **traditional territory** where you live?
- What are some of your **roles**?
- What are some of your **identities**?
- What are your **interests** and hobbies?
- What is **important** to you?
- What is a **life event** that shaped who you are?
- What is something that you want others to **know about you**?

WHAT DOES

inclusion

MEAN?

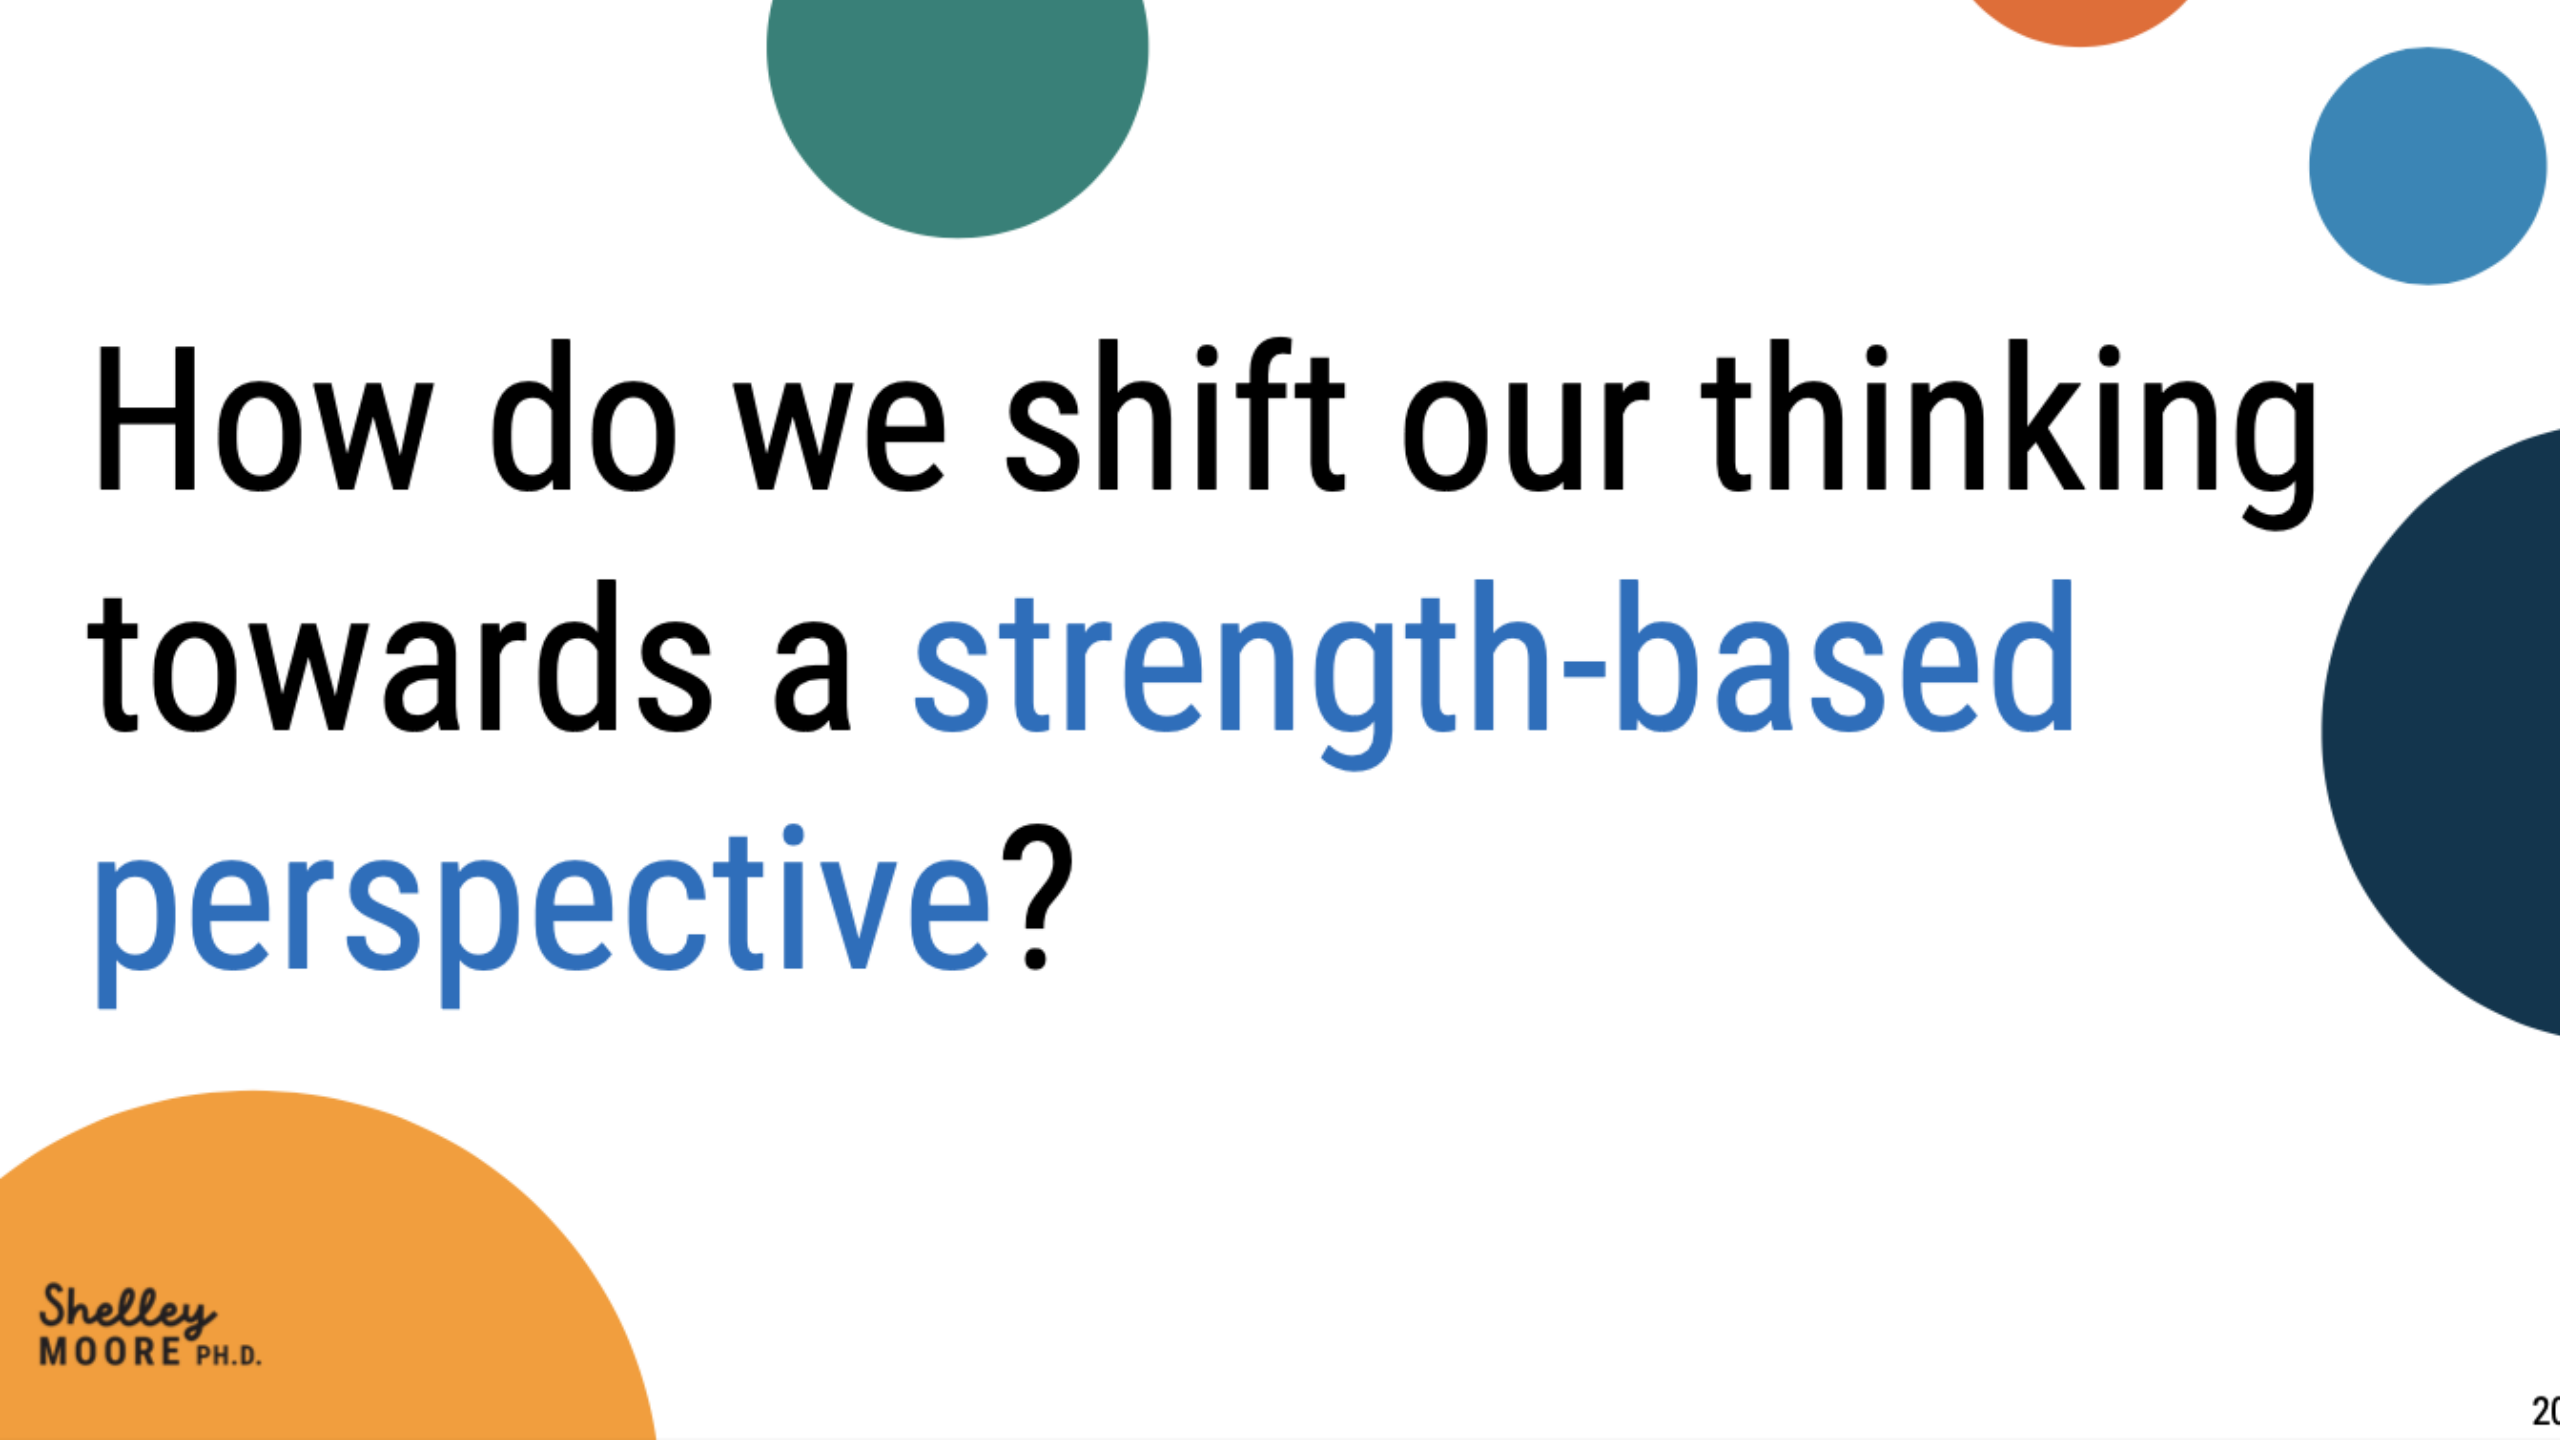

# WHAT IS inclusion ?

How do we  
include people  
with disabilities?

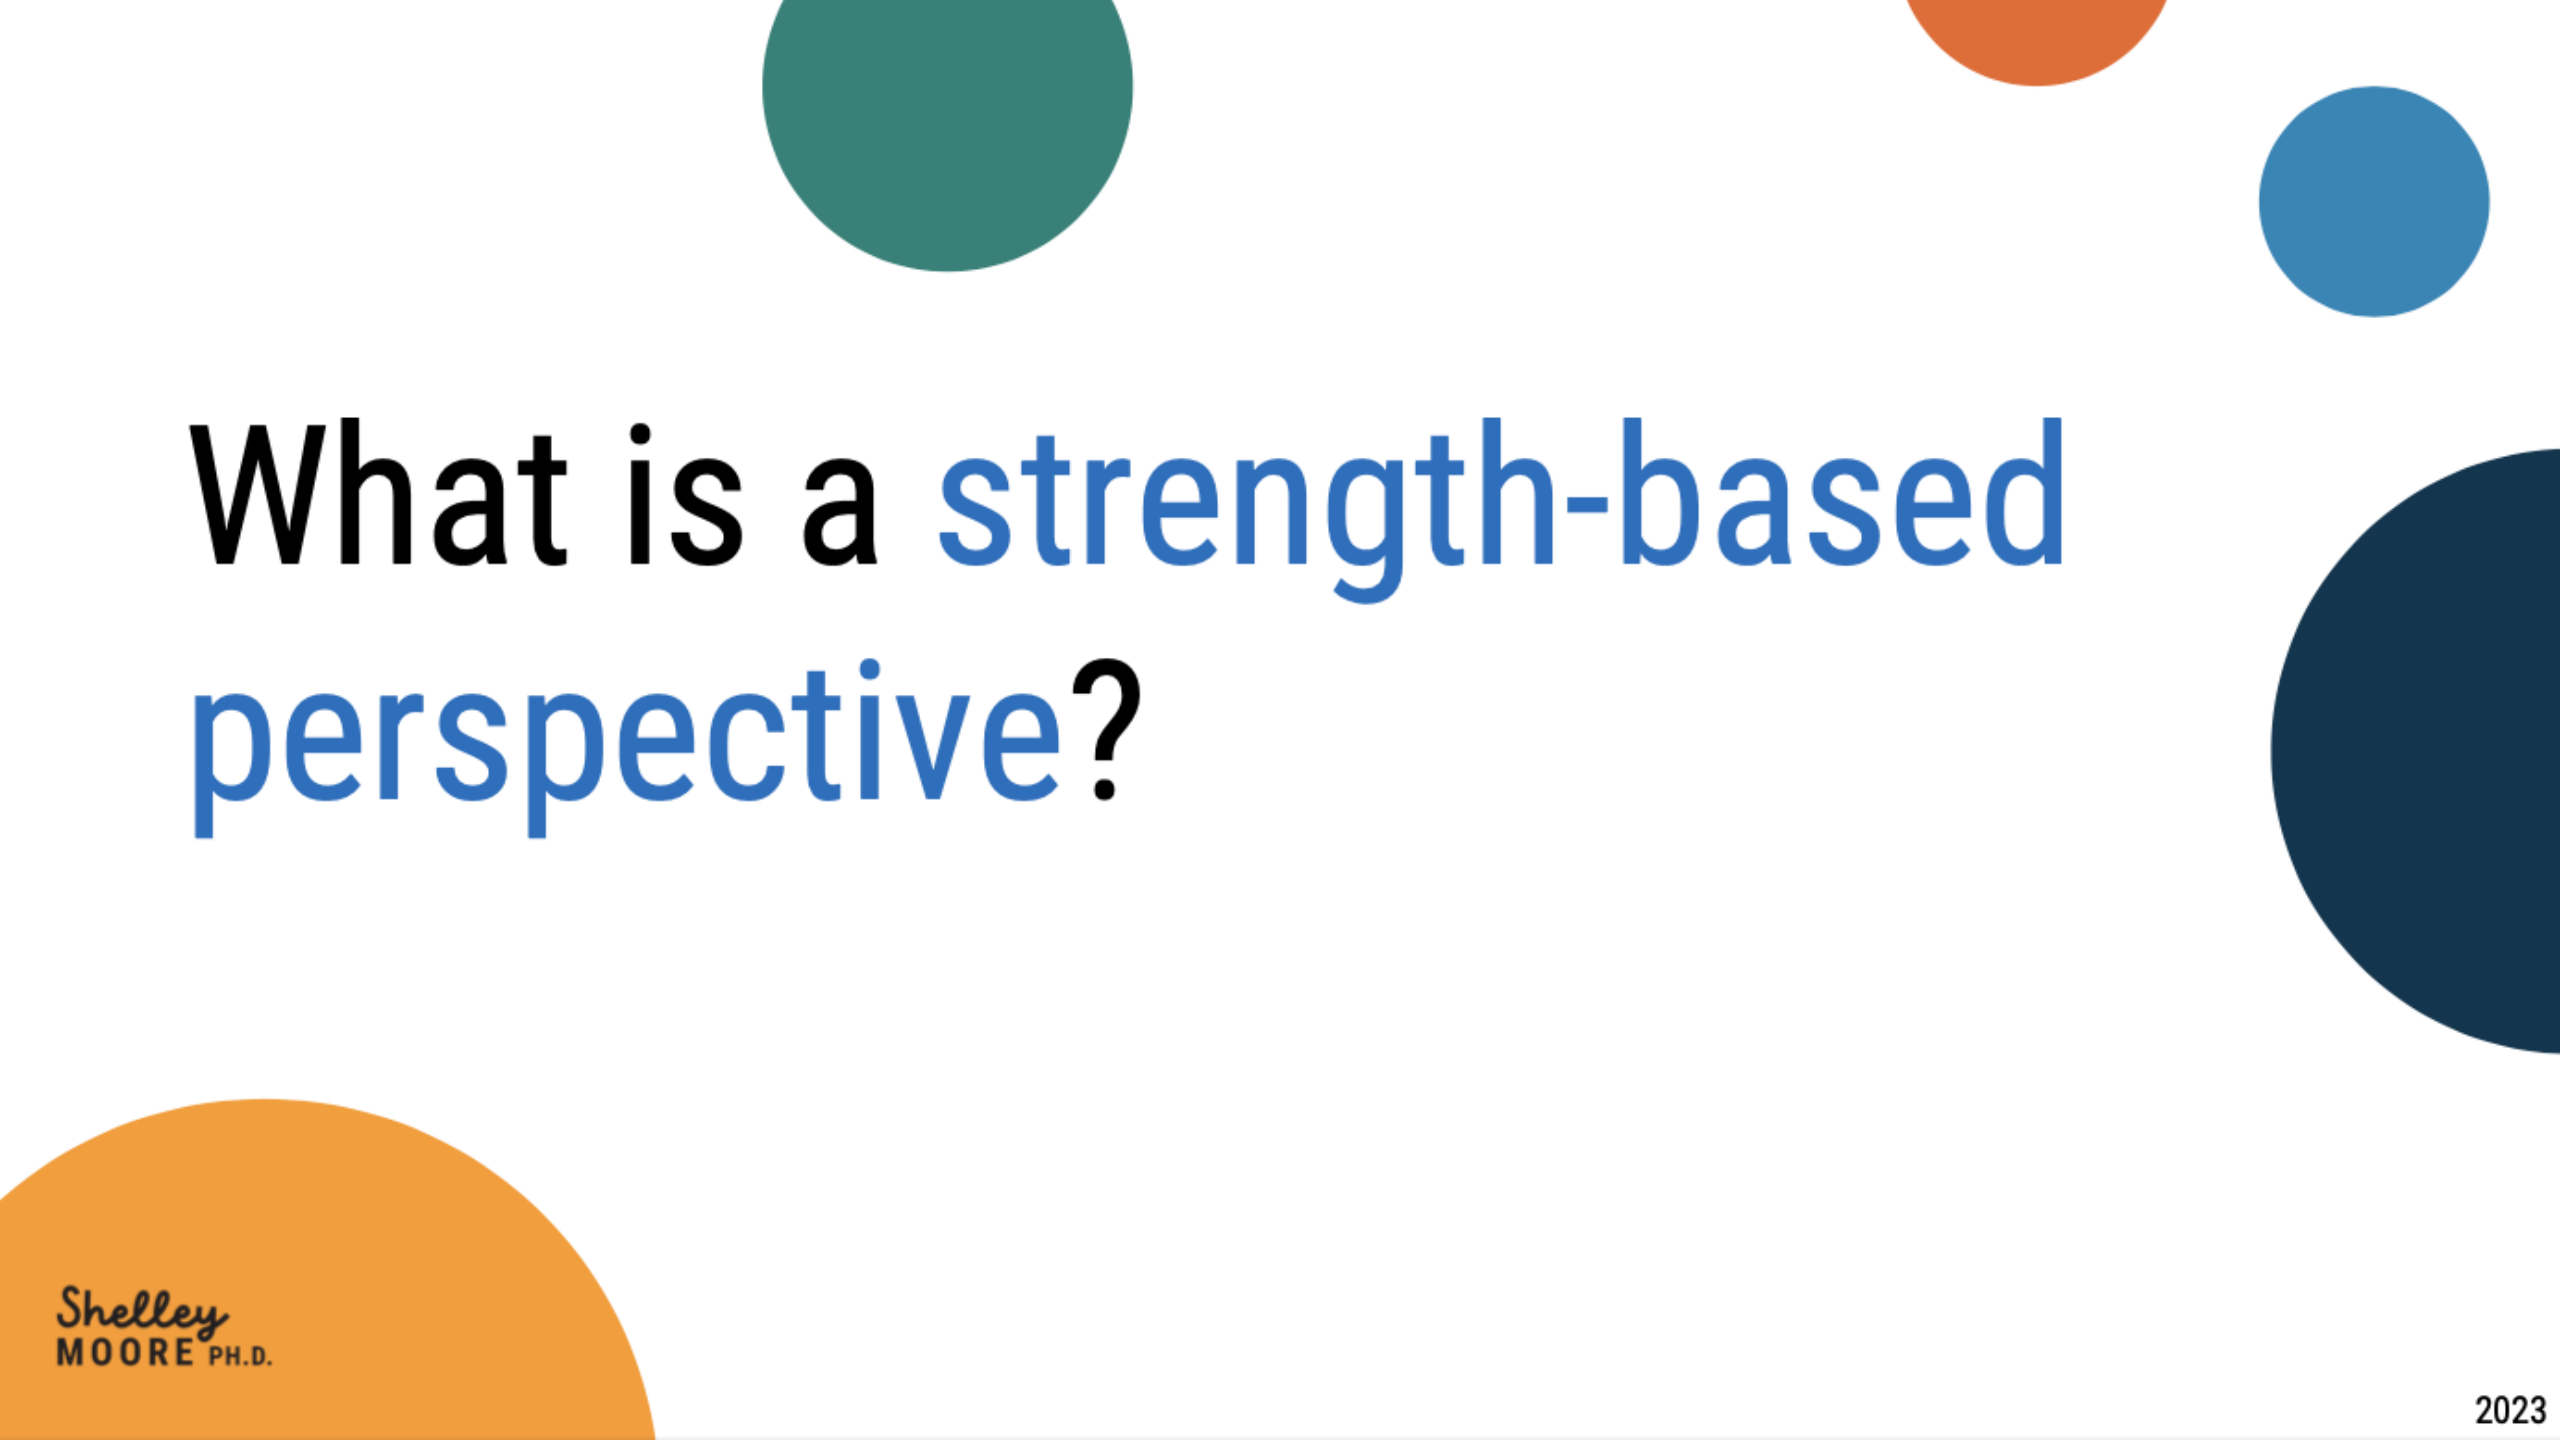

How do we teach  
to diversity?

How do we shift our thinking  
towards a strength-based  
perspective?

# What is a strength-based perspective?

# What is a **strength-based perspective**?

# Why are students not often viewed through a **strength-based perspective**?

## Down's Syndrome

Trisomy of chromosome 21.

Alzheimer's disease  
can occur.

The slide features several large, solid-colored circles in teal, orange, and dark blue, scattered across the background. The text is centered and reads: 

What is one  
useful  
idea so far?

# A strength-based PERSPECTIVE IS...

- Believing that **ANY and ALL** students can learn in **ANY and ALL** contexts because accessing learning **does not rely on pre-requisites**
- Focusing on what students **CAN do** and where they **COULD be**, instead of what they CAN'T do and where they SHOULD be
- Build on the strengths of students to **contribute to their communities, teach others** and facilitate a **sense of belonging**
- **Harness the strengths** of students to **build on their stretches**, or get better at things that are hard

“Even if **we are wrong** about a students’ **capabilities** to access and learn grade level curriculum with their peers, **the consequences** of that presumption **being wrong** are **not as dangerous** as not holding high expectations.”

–Cheryl Jorgenson

# How can we Presume Competence?

- Focus more on **strengths, interests, abilities, barriers** and **needs** and less on deficits
- Make space for **student voice and agency** and give opportunities for students to be a part of the **decision making** in their educational programming
- Provide children with a **means to communicate** other than words (visuals, gestures, voice)

# How can we Presuming Competence?

What Self Advocates say:

- **Talk to me**, not my support dog, or my support staff, or my parents
- **Do not** call me “**low functioning**” or refer to me as a developmental age, E.g., “**like a 2-year-old**”
- Use **age-appropriate** tone of voice, inflection, vocabulary, and conversation topics when **interacting** with me
- **Respect my privacy** when talking about my personal care, medical needs and/or personal and sensitive information

Jorgenson, McSheehan & Sonnenmeier

The slide features several large, solid-colored circles in the background. On the left, a large dark blue circle is partially visible. On the right, there are three circles: a large orange one at the bottom, a medium teal one above it, and a small blue one at the top right. A small orange circle is also visible at the top center.

# How do we do

# Inclusion?

The background features several large, overlapping circles in teal, orange, and blue. A large teal circle is on the left, partially cut off. A large orange circle is on the right, also partially cut off. A smaller blue circle is in the top right, and a smaller teal circle is in the top center.

# HOW CAN WE shift our practice TOWARDS A strength-based PERSPECTIVE?

“When a flower doesn’t  
bloom, you **fix the  
environment** in which it grows,  
not the flower.”

–Alexander den Heijer

# Why Student Voice?

Needs more  
light

Needs more  
moisture

Needs more  
space

The plant TELLS and SHOWS us what it needs

# Why is Student Agency Important?

- Student agency is playing a central role in curricular reform movements worldwide for all students, and emphasizes putting students in control of their learning
- Student agency is connected to skills needed for society today and tomorrow and focuses on supporting students to:
  - Make choices
  - Make decisions
  - Solve problems
  - Set goals
  - Self-regulate
  - Self advocate
  - Be self aware

- Ghobary, 2007 Wehmeyer, 2006

# How do we support Student Agency?

All students need to:

- Know **who they are** as a person and a learner
- Know their **strengths & interests**
- Know their **stretches & needs**
- Be **included in goal setting** and/or understand why a goal is **important to their learning and life**
- Know and choose what **supports** and **strategies** they need to meet a goal
- Know when **they have met a goal** or how to **adjust a goal** if needed
- Be able to **show** how they have **met a goal**
- Know what **a next step in learning** could be

# The SEED PACKET

The back of the seed packet usually includes planting information and specifics, such as when and where to start seeds, how deep to plant them and any other information specific to your plant type and variety.

All seed packets are slightly different and include slightly different information. If you're unsure about anything and your seed packet does not include the information you're looking for, you can Google your plant type and variety for more information.

This particular seed packet also comes with a built-in ruler that you can use when planting to help you plant your seeds at the correct depth.

Team Goals					
<b>Some big questions and/or goals that we have for this class:</b> <ul style="list-style-type: none"><li>How can we help this group of students become a part of, be responsible in and contribute to, make a difference in a community outside of their home?</li><li>How can our community honour the many diverse and unique abilities, while also meet the needs of the community, each other, and themselves?</li><li>How do help students be aware of who they are and what they need and how that is different (and okay) than others? (identity and advocacy)?</li></ul>					
Team Reflections & Decisions

# What's next for you?

- What is one useful idea?
- What is one thing you want to try?
- What is one thing you want to think about?
- What is one thing you want to learn more about?
- What is one thing you want to share with someone who is not here today?

Its not about changing everything, its about changing something.
