WHAT IS **inclusion** ?

Including
'special needs' children
into general childcare
spaces

Supporting and designing for
diversity
in childcare spaces
(that includes Disability)

Creating space for
children to feel confident
and safe to **identify**
in childcare spaces
(that includes children
who are Disabled)

Guiding Conditions of **inclusion** describe that all students...

are **PRESUMED**
competent and
as having
POTENTIAL

are **PLACED** in
and attending
inclusive
community
spaces &
programs

are in **PROXIMITY**
to and
PARTICIPATING
with **PEERS**

have
PURPOSEFUL
roles and
responsibilities

are **PLANNED** for
from the start

Which condition is the strength area in your context?

Which condition is the area that needs to be targeted the most in context?

“With the right conditions, all children can be successful”

1. Guiding conditions that describe that all children...

are presumed competent

are enrolled in and attending inclusive community programs

are in proximity to and participating in learning with peers

have purposeful roles and responsibilities

are planned for

2. Professional development that...

supports collaboration and the changing roles of educators & support staff

is situated, ongoing and inquiry oriented

3. Frameworks that ...

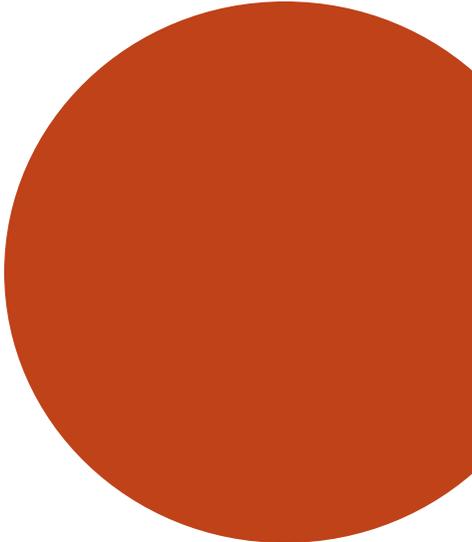

support Universal Design for Learning

move away from a medical & deficit-based model of special education (IEPS)
